"Shadow's Path" by Marc Pierre Dupont

July 2011

## August Meeting

Since the USA Library is closed this Thursday, we will be meeting at The Shed on Old Shell Road. We'll be there at the usual 7:00. There's no speaker or agenda, more of just a "get together", talk photography, eat bar-b-q, and drink an adult beverage if you want. Bring some photos to show off or your camera and questions too.

See ya there!

The Shed is located at 5753 Old Shell Road just West of University Blvd. Phone: 342-7433

### July Meeting Highlights

Catt Sirten was our featured speaker this month. His presentation was about the Mobile Time Capsule Project. It was very interesting and could be an opportunity for members to get images preserved for future generations to enjoy.

We also had refreshments and a monthly contest. The winners of the contest are listed throughout this newsletter.

Photo at left was taken with a cell phone. If someone brings a camera to the meeting, please snap a few and submit them...

Photography records the gamut of feelings written on the human face, the beauty of the earth and skies that man has inherited, and the wealth and confusion man has created. It is a major force in explaining man to man.

**About the Cover:**

**Shadow July 2011  
First Place  
"Shadow's Path"**

I was walking down by the beach in Biloxi around sunset, when the long shadow of this bench caught my eye, so I stopped to get a couple of shots. I didn't think much of it at the time, but it turned out to be one of favorite shots from that day. Taken with a Nikon D7000 with a Nikkor 35mm f/2 lens and processed in Adobe Lightroom 3.

"... And Run."**

Shot with a Nikon D50 with the Nikkor 35mm f/2 lens, during the monthly cruise-in at the Biloxi Edgewater Mall last September. Always a great sunset down there!

## Notice

Marc Pierre Dupont received a \$25 check for his 1st place winning entry last month. Camera South provides this prize money to encourage members to get out and shoot new images to enter in the monthly contest. See the calendar for next month's theme. Please enter the contest, it is a great way to hone your skills.

## Shadow July 2011 3rd Place

"Creole Shadows" I was downtown wanting to shoot some urban decay and came across this beautiful old building in the area behind the old Rousso's Restaurant. It was around 3pm and the shadows were fantastic. The patina on the ironwork and the yellow of the wall were beautiful together. I used a Sony F-828, but can't recall the setting.

## Beverly Jo Scott Concert

This was taken handheld with a 70-210 VR 2.8f lens at 800 ISO. The concert was held at Space 301 in June.

# Member Shots

Here are two I took of the Paris Opera House taken May 2010 using my Nikon D5000, no postprocessing. That ceiling was painted by Chagall (and you can tell!)

# News Worthy

Here are four pictures entered in the 2011 Pensacola "Power of Photography" that received awards:

1: Received 3rd place overall for a specialty award from Laser Products. Picture taken on Bourbon Street in New Orleans this year. HDR picture and taken at night, unbelievably, this guy leaned against this light post that someone had hit with a car for all 5 of the exposures which at the longest was about 20 seconds.

2: Received 3rd Place in the "Art & Abstract" category and also 1st Place Equestrian Award. This is a composite image from pictures taken at the last Polo At The Point.

3: Received Honorable Mention for "Travel & Place" category and also Best HDR picture overall in the show. Taken in New Orleans on the garden district trolley. We had already gone through the garden district and when the picture was taken, heading back to Canal Street.

4. Received Honorable Mention in the "Art & Abstract" category. Picture was taken at Mobile Greyhound Park at the very beginning of the race. Patience is the key when taking pictures of racing greyhounds, you get one chance for a fraction of a second and then you wait 15 minutes for the next race.

Thanks,
